

Giving individuals and families access to quality dental care is our mission. Choose from three different plans designed to work with your needs and budget. You're sure to find one to make you smile!

Enhanced Plan

Works like employer dental plans, where the individual pays a small percentage of the cost for services and the plan pays the rest. Preventive care is covered 100%, which means the individual pays nothing for exams, cleanings, X-rays and topical fluoride treatments. Benefits are subject to an annual deductible, and a policy-year dollar maximum.

Classic Plan

Works like the Enhanced Plan except the individual pays a small percentage of the cost for every dental service, including preventive care, and the plan pays the rest. Benefits are subject to an annual deductible, and a policy-year dollar maximum.

Basic Plan

Our most affordable option, this plan provides basic protection where diagnostic services and most preventive care are covered 100%. Emergency services, fillings and non-surgical extractions are also covered. There is no annual deductible, and a policy-year dollar maximum applies.
